

テキサス大学歯学部歯周病科プレセプターシップのご案内

この度、テキサス大学歯学部歯周病学講座のプレセプタープログラムのディレクターを務める事になりました。日本にいる多くの歯科医師の方々にアメリカでの留学にご興味ある方は、ぜひご参加ください。

Dr, Min Seiko

- プログラム -

1年で患者が診れるコース (clinical course: 1 position available)

Preceptorship in Periodontics | Twelve-Month Program - 7/1/2019

The Preceptor program in Periodontics offers dentists a one-year didactic and clinical experience. The established curriculum involves all aspects of the educational components of Periodontics: undergraduate level courses, graduate-level courses, department seminars, interdepartmental seminars, hands-on laboratory, clinical conferences, and guest lecture presentations.

6ヶ月で患者を診ないコース (non-provider course: 2 position available)

Preceptorship in Periodontics | Non-Provider | Six-Month Program - 1/7/2019

The Preceptor program in Periodontics offers dentists six-month didactic and clinical observation experience. The established curriculum involves all aspects of the educational components of Periodontics: undergraduate level courses, graduate-level courses, department seminars, interdepartmental seminars, hands-on laboratory, clinical conferences, and guest lecture presentations.

Preceptorship in Periodontics | Non-Provider | Six-Month Program - 7/1/2019

The Preceptor program in Periodontics offers dentists six-month didactic and clinical observation experience. The established curriculum involves all aspects of the educational components of Periodontics: undergraduate level courses, graduate-level courses, department seminars, interdepartmental seminars, hands-on laboratory, clinical conferences, and guest lecture presentations.

クリニカルアクティビティー以外には論文抄読、治療計画立案、研究、論文投稿、学会での研究発表、McGuire office 研修を予定しております。
